

about Look Ahead

 **Look Ahead**
CARE, SUPPORT AND HOUSING

about us

We're proud to be a leading provider of specialist care, support and housing services for individuals with a diverse range of needs.

Every year we support thousands of people, helping them to make choices, achieve goals and take control of their lives.

Whether it's working with someone to achieve a positive change or providing specialist care, Look Ahead's experienced and passionate teams are committed to delivering high quality services that support people to live independently in their local communities.

Our experience

With 50 years of social care experience to our name, Look Ahead is a trusted partner of local authorities, Clinical Commissioning Groups (CCGs) and health trusts, supporting 6,500 people every year with a wide range of needs, including:

- **Mental health**
- **Learning disabilities**
- **Homelessness**
- **Young people and care leavers**

We have particular expertise in supporting those with multiple and complex needs and work in partnership with the NHS and local agencies to deliver integrated health, housing and support services that meet local needs.

Our services

Today we provide 110 services across 30 local authorities across London, the South East and Home Counties, including Kent, Berkshire, Hertfordshire and Buckinghamshire.

Our people

Our team of more than 1,000 staff members have been recruited on the basis of their values, experience and positive attitude. We hold Investors in People Silver accreditation, and we are an accredited Institute of Learning and Management centre, demonstrating our commitment to training, developing and leading our people.

Our properties

We own and manage over 2,500 property units across London and the South East.

Our mixed property portfolio combined with our development experience means we can offer bespoke property solutions that meet customer and commissioner needs. We are also in a position to source and/or develop high quality accommodation quickly due to our financial capital, expertise and networks.

Our approach

With the right support, we know that our customers can realise their dreams and aspirations. By encouraging individuals to identify and develop their own unique skills and abilities, we can support them to bring about positive change in both their lives and the people around them.

Our services are designed and delivered in partnership between our staff and customers through our co-produced approach, and we work closely with customers, carers, families and commissioners to deliver the quality and outcomes that we know are so important.

we'd love to hear from you
